

# SITECO Connect 31 Education

Sensors in classrooms or meeting rooms help to save energy and simplify operation  
V1.0 | 2025-010-21

# Benefits at a glance

## SITECO Connect 31 Education

### 1. Maximum energy and cost savings

Maximize your energy, CO<sub>2</sub>, and cost savings with the help of state-of-the-art **light and motion sensors**

### 2. Easy to use

Users can **control the lighting themselves** at any time **using a button** (separate control of window/corridor and blackboard lights)

### 3. Presence detection 68m<sup>2</sup>

In most classrooms or meeting rooms, **a single sensor** is sufficient to detect the **presence of people!**

### 4. All in one device

The master sensor **combines all the control intelligence for the room in one device**

### 5. Intelligent functions

Perfect adjustment of lighting conditions in the classroom. **General and blackboard lighting can be integrated into the control system. Intelligent neighbor function** networks several sensors with each other as needed.

# Siteco Connect 31 Education Portfolio

## Application in suspended ceilings

**Multisensor "Master"**  
5LZ925600

**Multisensor "Slave"**  
Optional for extending the  
detection range  
5LZ925601

## Application on exposed concrete ceilings

**Multisensor "Master"**  
5LZ925602

**Multisensor "Slave"**  
Optional for expanding the  
detection range  
5LZ925601 + Mounting housing 5LZ925AP

**Commissioning tool**  
Smart Remote 59UC3RCA

**Designs**  
Different designs allow for maximum flexibility in implementation

Let's talk about what moves us most:  
the light of tomorrow.
